Bamlak Kebede

UI/UX Designer

OBJECTIVE

I'm a junior designer based in Addis Ababa, Ethiopia.

As a junior graphic designer, I am seeking an opportunity that allows me to gain hands-on experience and work closely with a team of experienced professionals.

My goal is to learn from the team's expertise and contribute my own creative ideas to help develop innovative and user-friendly designs.

WORK EXPERIENCE

Work for win

Jun-Aug 2023

UI/UX Designer

- Worked on a redesign project for a mobile application, focusing on improving user experience and visual appeal.
- Conducted user research, including interviews and surveys, to gather insights and understand user expectations.
- Created wireframes, prototypes, and conducted user testing to refine the design

Dominance Global

2021-2023

Market researcher

- Conducted focus groups and surveys, to identify potential user needs and preferences.
- Collaborated with design and social media teams to increase brand awareness and customer engagement
- Generated leads and identified new market opportunities

EDUCATION

Yunnan Technology and Business University

2018-2022

Bachelor's degree in Computer Science
